Electrical/Mechanical Maintenance Technician

Job Type: Full-time
Work location: On-site
Pay: $25.00-$35.00/hour

Position Summary
MCM Composites, LLC is seeking a detail-oriented Maintenance Technician to perform a variety of tasks ranging from general facility needs, completing routine preventative maintenance, and repairing malfunctioning mechanical, electrical, and hydraulic equipment. The ideal candidate is safety-focused, mechanically inclined, able to do advanced troubleshooting, and resolve equipment issues efficiently to minimize downtime.

Experience / Qualifications:

- Performing preventative maintenance, troubleshooting breakdowns, and machine installations.
- Detail oriented with the ability to troubleshoot complex electrical and mechanical issues.
- Ability to adapt to changing priorities in a fast-paced manufacturing environment.
- Experience with:
    - Hydraulics and pneumatics
    - PLCs
    - AC, DC, low-voltage, and 480V electrical systems
    - Three-phase motors
    - Thermocouples and heating systems
    - Sensors, switches, solid state relays (SSR), fans, and blowers.
- PLC programming certification or manufacturer training is preferred.
- HMI programming certification or manufacturer training is preferred.
- Forklift experience or certification is preferred but not required.
- Follow company safety procedures to ensure your safety, as well as the safety of others.

Duties and Responsibilities

- Read work orders to determine which machines and equipment require repair or maintenance.
- Record machine repair and maintenance information.
- Routine machinery maintenance.
- Routine preventative maintenance.
- Conduct both mechanical and electrical repairs on equipment.
- Inspect and test damaged machine parts.

- Install, replace, or change machine parts.
- Reassemble machines after the completion of repair or maintenance work.
- Start machines and observe mechanical operation to determine functionality.

Education Requirement

- High school diploma or equivalent.
- Additional education in PLC and HMI programming, or a related technical field preferred.

Benefits

- 401(k)
- Dental insurance
- Health insurance
- Health savings account
- Life insurance
- Paid time off
- Possible tuition reimbursement for credits while taken at MCM Composites, LLC
